Terms of Agreement: Our school wishes to participate with The Children's Tuition Fund to assist in our students' education. We understand that CTF requires student eligibility in the EITC/PRE-K/OSTC programs be verified through a third-party vendor and eligibility from the vendor be supplied to CTF before disbursement of funds are made to our school.

We acknowledge that continued payment by the CTF is contingent on the family maintaining the prescribed conditions of eligibility and remaining current regarding their financial obligation to the school. We agree to monitor the situation and report to CTF any conditions that would disqualify the family from participation in this program. Should any conditions occur, that would change the amount of the award given to the family we will inform CTF.

Finally, we certify the above information to be correct and agree to the terms outlined.
