Student with Special Needs Verification Form

Dear Parent/Guardian,

The state law allows for family household income levels to be higher for students who face additional hurdles. Other laws, however, prevent schools from sharing which students may have needs in this area. Therefore, if your student faces these additional education hurdles please complete the form below so we can adjust the maximum family household income levels as it fits with the law. It remains your prerogative to keep that information private, but please know that we cannot offer additional benefits if we are not aware of these situations.
